

Instructions for Spay/Neuter with Pooler Paws

Congratulations on your newest addition to your family. We look forward to helping you with your feline family.

Having your kitten spayed or neutered is easy with Pooler Paws as your adoption partner. Your adoption donation covers your pet's procedure at no additional cost to you. To prepare for your upcoming spay/neuter appointment, please read the following instructions.

Per Georgia State Law, all rescue kittens must be spayed/neutered within 6 months of age. Pooler Paws recommends that your new kitten weigh at least 3 pounds & be a minimum of 3 months old before having their surgery.

Prior to booking:

Please contact **Julie Haynes at (912) 665-9912** and tell her that you plan to book your appointment.

How to book:

When your kitten is ready, we recommend you go to the PetFix Savannah web site and click on "Book your Pet's Appointment." www.humanesocietysav.org/pet-fix-savannah

If you prefer, you can contact them via phone at 912-354-6265 or email at info@petfixsav.org. It is essential that even if you have renamed your new kitten, you must use their original Pooler Paws name for the reservation. This is how they will be booked and identified in both the Pooler Paws and PetFix system.

Your donation will cover your pet's surgery and a one-year rabies vaccination. Any additional treatment will be your financial responsibility. On the day of your appointment, drop off will be 8 AM and pick up will be 3 PM of the same day.

Private Veterinarian:

You are welcome to use your own vet to complete the procedure. At that point, Pooler Paws will consider your money as a donation. We still require documentation of the procedure for our records to comply with Georgia State law.

Cancellation policy:

After booking your appointment, should you need to reschedule, please ensure you give 24-hour notice to PetFix Savannah. Otherwise, Pooler Paws may be held liable for those charges even if your kitten is a no show. At that point, we will be unable to rebook the appointment and it will now become your financial responsibility to have the procedure completed and provide us with documentation proving such.

PetFix Savannah is located on the campus for the Humane Society for Greater Savannah at:

7215 Sallie Mood Drive
Savannah, GA 31406
Hours: Monday - Thursday 8-5
Closed Friday - Sunday

I have read and understood the above statements. I understand that failure to comply with the terms of this agreement may result in Pooler Paws reclaiming the adopted cat(s).
